“ As a young child my Greatest memory of Bert & Jack were when Aunt Nellie and Uncle Bob along with their son Ronnie, would bring my brother Mike and I down to Bert & Jacks house for a weeks vacation. I remember a Creek was there and tree with a rope swing. We would beg Bert to let us swing from that rope into that creek. It took awhile, she would finally give in. I laugh now she would make her brother Ronnie get in the creek, just to be on the safe side. We had the time of our lives. In the Big City we never seen a Rope tied to a tree as a swing, well they had one of those as well. Didn't have to bring my baby doll to play with, Valarie & I we had Sheila. She was our Human Baby Doll. What a time we had with our Human Baby Doll. Surprised poor Sheila has any hair today. I remember every day watching Bert make pie dough. She let me help a couple times roll that dough out. Everyday Bert made us a different kind of pieAs times goes by, you grow up life changes you have children of your own. Then something magical happens, the family starts getting together again once every couple months. Got to catch up with Bert all over again. There were times talking to Bert I felt like I was going back in times all over again. A Beautiful Lady inside as well as outside. When the gates opened, Heaven received another Angel. Oh Lord can you imagine all those waiting to welcome her. There has been a party going on in Heaven for several days now. Until we meet again Bert!!!
