“ Dearest Brenda and other family,I have long wondered how my sweet crazy friend from xray school has been doing...every now and then I would search her name on the internet to see if we could reconnect after so many years have passed. We used to keep in contact after xray graduation for several years, but later lost touch. I am so sorry to see that she passed last year and so sorry I did not find out till now...I would have definitely come to the visitation to see you all. Betty was my companion for many years and we definitely shared a lot of great times. John Kapfer, another xray classmate was just talking about her about a month ago and I had told him about trying to find her sometimes, but never had any luck. Brenda, please contact me sometime if you want....I would love to see you.

“ I love you Bird, always and forever. I'm still taking care of things for you. My prayer is you are with the sweet Lord Jesus and we will be together again. I miss you every second of the day. I know how much you loved me and I loved you that much too. Rest in peace mom, love always your daughter.
