“ I will always remember the many days that Bud and I spent looking at timberland. We had long conversations about our Families and life in General. My Heart goes out to Donna and the boys. His friendship will be greatly missed. Jim Johnson

“ I don't have many "uncle bud stories" myself but I wish I did and I absolutely loved hearing them as a kid. I loved anytime I got to go for a visit and he'd show us his hunting cabins. He was such a character and will be fondly remembered. I smile whenever I think of an uncle bud story.

“ Bud was a very nice man, to both Dennis and I! Thinking of him makes me smile, a few years back we went to a birthday party for him, we were talking about windows, he said winders, and, Lenny said Dad windows, Bud said winders and smiled! Another time he offered Dennis a cold beer! Our sympathy to his family!

“ I remember dancing with Uncle Bud one New Years Eve. He had a powerful swing and almost sent me through the wall lol! Uncle Bud was always smiling and always made me feel welcome and part of the family. I wish I could have spent more time with him. He knew how to have fun and he loved his family. He will be missed.

“ I am so glad I was able to re-connect with Bud at the last Warren family reunion. It seems as though large families and busy lives causes extended families to lose contact. I regret this.

My grandson, Kyle and I visited Bud and Donna during deer season last November. He proudly showed us his alfalfa fields for the deer and his "cabin in the lake". We talked of old times and old people. Plus his helicopter ride to the hospital.

I also recall many hunting and fishing trips with Bud and my dad during the 1960 and 70's. Especially one deer hunting trip to Potosi. The three of us about froze to death, sleeping in the back of my truck on a bed of hay. Stupid but fun.

My greatest sympathies and condolences to Bud's family and friends.

I am sorry for our loss.

He will be missed.

“ My favorite times with Bud were when we would shut the sawmill down and sit on the ties for break. He would go on and on about his life. My favorite story was how he and Donna built their life from the ground up. Bud Warren was the most hard working man I've ever known. He taught his sons and grandchildren what hard work really is. I am so thankful to have had him in my life. I'm incredibly proud to have his blood running through my children's veins. I look forward to my husband teaching our children, Bud's great grandchildren, everything his grandfather taught him. That man was/is a legend! He lived a full life, and had many friends and family who still think very highly of him. There is no doubt in my mind that his memory will live on for decades to come. My great grandchildren will know just how great Bud Warren was. This I promise. I cannot fully express just how much losing Bud has affected us all, and the holes we all now have in our hearts... We will always feel a little empty. Still, we thank God for the many years we got with him.
